Alexandria, VA 22313-1450

Sir:

Responsive to the Official Action date 05/ 04 / 2005, please amend the above-referenced Patent Application as following:

According to the official action, the applicant amends the claim 1, and claim 4. And the applicant reviews the present invention and the cited documents, the present invention still has "a lead is movable with the rotation of the emitting body" different from the cited documents, in other words, the emitting light set is integral to the light up action, it is part of the rotary mechanism even rotating to light to indicate that is the stylus in use, but the same in cited USP 6,585,388 only lights up intermittently.

**AMENDMENT**

**IN THE CLAIM**

Please amend Claims 1 and 4, without prejudice or disclaimer of the subject matter thereof.
